Headteacher Message

Dear Parents/Carers,

You may have noticed our new reading sheds that arrived on Wednesday. The purpose of these is that they will be filled with bean bags and books so that children can read for pleasure during break and lunch time. Soon we will be having a competition to design banners to decorate both sheds on the outside. Once we get them ready we also hope that they can be used before school so you can read to your children. As reading to your children is extremely important. I know we are all busy people but please try to make time to read to and with your children at least once a day, even if this is just for 5 mins. This week I took the time to read a book about a monster arriving at school to the reception children. They absolutely loved it.

As part of our staff wellbeing Mr Grenside has organised a walk up Snowden mountain for staff at the end March. For some staff this will be a challenge, particularly me. We have decided that we will be raising money for the Alzheimer's society as we have a number of parents and staff that have been affected by this condition. Soon you will be able to buy badges and make donations. Watch this space.

Finally, it is with sadness that I need to inform you that Mrs Starkey will be leaving us on Friday next week. She has not taken the decision lightly but has decided to have some time off from teaching to allow herself to get back to full health. I know you will join me in wishing her all the very best in a speedy recovery and all the best for the future.

Have a lovely weekend,

Damian Kenny

Well done to class 2/3L with '3' lates and all children who have been on time this week. However, there were 31 lates this week. Lets see if we can get this lower next week!

On Saturday 30th March, Park View staff are taking part in a sponsored walk up Snowden. If you would like to donate or buy badges for this cause please call at the office.

Congratulations to Yr 4 for playing really well in the EFC football festival

The theme encourages young people to work together to be positive, safe and respectful online. In the UK the campaign will particularly empower young people to take control of their digital lives and consider how consent works in an online context. It will explore how young people ask for, give and receive consent online. This could be in their friendships or relationships, how they take and share images and videos or how they manage their privacy and data. When we are online we need to make lots of choices, and give other people the chance to make a choice for themselves. One way of doing this is by asking for and giving permission. Consent is another word for permission – and you probably do it all the time without realising.
