Headteacher Message

Dear parents and carers,

At the end of the half term I would like to reflect on what wonderful work has been undertaken at Park View Academy. The children have had some amazing opportunities to enrich their school life outside of the curriculum. Children have been to Chester Zoo, had an author in school, had weekly yoga and Acorn Farm has been in to visit.

The school looks beautiful. Children's work has been displayed around the school and photographs of trips and lessons are up for everyone to see. The children are enjoying reading the displays and are proud of their work. Thank you to all the TAs who have made this possible.

In our Monday assembly this week, we appointed pupil subject leaders to the thirteen subject areas. These children are from Year 6 and were nominated by their class teachers. It is a great honour for the children to have this role. It means they work alongside the lead teacher and enables them to get a bigger picture of their subject from a child's perspective. They will do pupil voice and have an input into future developments in their subject. They also get to wear a special badge to show the subject they belong to. Congratulations to those children.

Have a great half term!

Tip of the Week

Quiet your mind and relax with some calm music

Safer Internet Day: 'Free to be me – exploring identity online'. Safer Internet Day will encourage young people to explore how they manage their online identity, and how the internet shapes how they think of themselves and others. We want Safer Internet Day 2020 to celebrate difference and help us work towards creating a truly inclusive internet. The campaign will focus on what makes up your online identity – such as the facts or characteristics about you, how others perceive and interact with you, as well as how online services identify you. It will also look at how offline stereotypes and discrimination are challenged or reinforced online. We will look at whether the internet allows young people to experiment and express themselves, or if they feel limited in who they can be online. By opening up conversations around online identity, we aim to inspire young people to support each other in being who they want to be.

For Safer Internet Week, 2L discussed the importance of not sharing your passwords with anyone.

The children designed posters to inform others about the importance of keeping your information private online.

Reception took part in a PowerPoint presentation – a hands up who has access to social media and a chat about the 3 Golden Rules which are below.

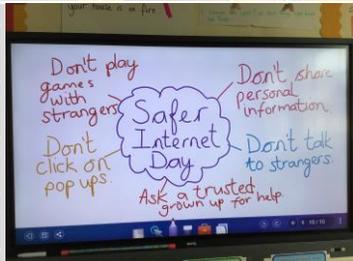

Stay Safe Online

So how can we use the Internet for all the fun things but still stay safe?

Always tell a grown-up when you are using the Internet and let them help you to choose safe websites.

Always tell a grown-up if something you are not expecting comes onto your screen.

Always tell a grown-up if someone you don't know sends you a message or tries to speak to you on the Internet.

It is really important to remember that if we only know someone online, they are a stranger, and we should keep our identity and our personal information safe.

Words of the Week

MATHS – Volume ENGLISH – Amazing

Have a practice of these words over the weekend. Who knows - you could earn yourselves Dojos when you return to school and use these words in the correct context!
