Headteacher Message

Dear Parents and Guardians,

I hope this newsletter finds you well and in good spirits. As we approach the end of another eventful term here at Park View Academy, I wanted to take a moment to update you on some of the exciting happenings that have taken place within our school community.

Firstly, I would like to express our gratitude to all the students and staff members who participated in the litter pick today to support the Jubilee Park Ranger. It was heart warming to see our school community come together to contribute towards the betterment of our local environment.

In other news, our dedicated reception class recently underwent hearing assessments. We believe in ensuring the overall well-being of our students, and these assessments are a crucial part of that commitment. We will continue to monitor and address any concerns to ensure the best possible learning environment for our young learners.

In line with our commitment to ensuring the safety and well-being of our students, we organised a County Lines workshop in collaboration with Activate for our Year 5 and 6 students. This workshop aimed to raise awareness about the dangers of involvement in criminal activities and equip our students with the knowledge and skills to make informed decisions. We believe that education is the key to empowering our students to make positive choices and lead fulfilling lives.

I am delighted to inform you that we have been welcoming parents into the school to review their child's individual learning plans. These meetings provide invaluable opportunities for parents and teachers to collaborate, ensuring the best possible educational experience for our students. We truly appreciate your active involvement in your child's academic journey.

Additionally, our school nurse has been conducting drop-in sessions, offering valuable advice and support to both students and parents. These sessions have proven to be immensely beneficial in addressing any health concerns and promoting overall well-being within our school community.

I am also, delighted to share that our Teaching Assistants recently underwent specialised training on how to support anxiety in the classroom. This training will enable them to provide targeted assistance to students who may be experiencing anxiety, ensuring a nurturing and inclusive learning environment for all.

Furthermore, our dedicated staff members participated in a comprehensive top-up training on paediatric first aid. This training equips them with the necessary skills to respond effectively to medical emergencies, ensuring the safety and well-being of our students at all times. We are immensely proud of our staff's commitment to continuous professional development and their unwavering dedication to the welfare of our students.

Warm regards,

Mr Kenny

Timekeeping

Congratulations to all the children and parents for a tremendous effort this week . We had 8 classes without any lates. Well done to classes 5A,6M,6O,4S,3M,3C,2F & 2R.

If your child is absent you must inform the school office by 9.00am

County lines is a form of criminal exploitation. It is when criminals befriend children, either online or offline, and then manipulate them into drug dealing. The 'lines' refer to mobile phones that are used to control a young person who is delivering drugs, often to towns outside their home county.

5A County Lines Workshop

Peter Bunzl, bestselling children's author who writes tales about clockwork, hope and magic visited PVA on Thursday.
